

SERVICE PROTECTION PLAN

The holder of this certificate is covered under the Dry-Tech Commercial Roofing Services, Inc. (Dry-Tech) Service Protection Plan (SPP) for all roof repair services provided by Dry-Tech to the certificate holder. The Dry-Tech SPP ensures the certificate holder that if a leak occurs within one (1) year after any repair service has been performed by Dry-Tech as a result of materials and/or labor provided by Dry-Tech, corrections will be made by Dry-Tech to the defective repair only at no expense to certificate holder.

- Coverage includes only the actual roof defects or components physically repaired by Dry-Tech. Dry-Tech is not responsible for leaks that occur as a result of any defect or component not specifically repaired by Dry-Tech.
- All invoices pertaining to the covered repair must be paid in full prior to receiving any warranted services.
- Coverage begins from the date service has been provided.
- Damages to any repair completed by Dry-Tech by certificate holder, other trades, mechanical equipment, etc. or any other reason not caused by the materials or labor furnished by Dry-Tech are not covered under the SPP.
